this book explores social factors that influence well being as well as the relationship between these factors it examines individual areas of social policy from the perspective of children s well being gender equity and the impact of crime and social capital the book discusses the relationships of well being with the provision of public services with developing a sense of community and dimensions of happiness in nations bringing together perspectives from around the globe the book provides both theoretical and applied explorations it links the idea of influencing social factors and outcomes to community well being thus adding a new perspective in doing so it reflects the new and exciting research that is being conducted at the intersection between social factors policy impacts and community well being

this book covers the nexus between urban health sustainability and peace urban health sustainability and peace is the first book that attempts to put these three critical areas together this novelty approaches the subject matter by delving into evaluating what works what does not work and what should be done to achieve healthy cities we believe this book will be beneficial to a wide range of stakeholders particularly policymakers planners and developers who continuously shape and reshape the structure and environments of our cities and communities unfortunately in most cases the healthiness of the cities may not be of their immediate concern nevertheless it is the concern of the end users citizens or simply those who live and work in cities and communities worldwide to safeguard peace in cities one has to consider sustaining urban health and that is the main aim of this book the ongoing pandemic gives us an excellent reason to study cities health during such a disruptive time we detect many flaws in cities and communities around the world we primarily identify the negative impacts on sustainability and peace in cities in order to sustain a healthy city this book evaluates six sustainability dimensions of physical environmental economic social institutional and technical it then utilizes eight primary dimensions of positive peace evaluating critical areas for future considerations in urbanism these considerations include making cities smarter more resilient and more sustainable the book s ultimate goal is to highlight how we should progress to maintain and sustain urban health as a continuation to the city in need this book covers the nexus between urban health sustainability and peace furthermore by reflecting on the ongoing pandemic crisis metaphorically labelled as the day the world stopped we delve into some key areas beyond the usual planning and policy guidelines lastly the book intends to highlight what has not been studied before i e the relationship between urban health sustainability and peace

a journal devoted to the discussion of political economic and sociological questions

drawing together contributions from experts at the forefront of research in the field supporting social inclusion for students with autism spectrum disorders demonstrates that social inclusion is a defining feature of successful education of students with a spectrum disorder divided into three parts this book begins by proposing a contemporary and operational definition of social inclusion that will help facilitate active engagement by all stakeholders involved in supporting social inclusion within educational settings the relationship between well developed social skills and positive social outcomes is also explored and subsequent chapters explicate and contextualize social inclusion across a range of educational settings the final chapters present case studies and viewpoints from stakeholders central to the successful social inclusion of students with the disorder through discussion of its findings this book provides the reader with a deep understanding of social inclusion and confirms its importance in facilitating positive educational outcomes for students with autism spectrum disorder a unique contribution to the field this book will be of key interest to postgraduates researchers and academics in the area of inclusive education and autism spectrum disorder it will also appeal to those who research study and work in the areas of special and inclusive education and developmental psychology

social media in iran is the first book to tell the complex story of how and why the iranian people including women homosexuals dissidents artists and even state actors use social media technology and in doing so create a contentious environment wherein new identities and realities are constructed drawing together emerging and established scholars in communication culture and media studies this volume considers the role of social media in iranian society particularly the time during and after the controversial 2009 presidential election a watershed moment in the postrevolutionary history of iran while regional specialists may find studies on specific themes useful the aim of this volume is to provide broad narratives of actor based conceptions of media technology an approach that focuses on the experiential and social networking processes of digital practices in the information era extended beyond cultural specificities students and scholars of regional and media studies will find this volume rich with empirical and theoretical insights on the subject of how technologies shape political and everyday life

everyday life is defined and characterised by the rise transformation and fall of social practices using terminology that is both accessible and sophisticated this essential book guides the reader through a multi level analysis of this dynamic

in working through core propositions about social practices and how they change the book is clear and accessible real world examples including the history of car driving the emergence of frozen food and the fate of hula hooping bring abstract concepts to life and firmly ground them in empirical case studies and new research demonstrating the relevance of social theory for public policy problems the authors show that the everyday is the basis of social transformation addressing questions such as how do practices emerge exist and die what are the elements from which practices are made how do practices recruit practitioners how are elements practices and the links between them generated renewed and reproduced precise relevant and persuasive this book will inspire students and researchers from across the social sciences elizabeth shove is professor of sociology at lancaster university mika pantzar is research professor at the national consumer research centre helsinki matt watson is lecturer in social and cultural geography at university of sheffield

this is the first book to overtly consider how basic evolutionary thinking is being applied to a wide range of special social economic and technical problems it draws together a collection of renowned academics from a very disparate set of fields whose common interest lies in using evolutionary thinking to inform their research

today s clinical social workers face a spectrum of social issues and problems of a scope and severity hardly imagined just a few years ago and an ever widening domain of responsibility to overcome them theory and practice in clinical social work is the authoritative handbook for social work clinicians and graduate social work students that keeps pace with rapid social changes and presents carefully devised methods models and techniques for responding to the needs of an increasingly diverse clientele following an overview of the principal frameworks for clinical practice including systems theory behavioral and cognitive theories psychoanalytic theory and neurobiological theory the book goes on to present the major social crises problems and new populations the social work clinician confronts each day theory and practice in clinical social work includes 29 original chapters many with carefully crafted and detailed clinical illustrations by leading social work scholars and master clinicians who represent the widest variety of clinical orientations and specializations collectively these leading authors have treated nearly every conceivable clinical population in virtually every practice context using a full array of treatment approaches and modalities included in this volume are chapters on practice with adults and children clinical social work with adolescents family therapy and children s treatment groups other chapters focus on social work with communities affected by disasters and terrorism clinical case management cross cultural clinical practice psychopharmacology practice with older adults and mourning

and loss the extraordinary breadth of coverage will make this book an essential source of information for students in advanced practice courses and practicing social workers alike

the volume for 1886 contains the proceedings of the conference on temperance legislation london 1886
